

The future of LIVE

what you need to know to safely return to exhibiting.

As the leading voice in Live Events, Freeman knows that exhibitors are looking to us for guidance on protecting people at your next event. With our health and safety guides and resources, we are pleased to share just that. When we prioritize the health and safety of exhibitors and attendees at future events, everyone will feel more comfortable, confident, and be able to engage and connect with those around them. And that's how, together, we'll begin the road forward.

Tips, tools, and more to design safe engaging exhibit experiences.
